

## Instructions for Interested volunteers to sign up on Sittercity

UCSF will use Sittercity as our platform to match interested volunteers with UCSF affiliated students and volunteers who would like to serve our community. Sittercity allows volunteers to sign up for a variety of tasks free of charge through their platform: <https://www.sittercity.com/sitter/account>

UCSF affiliates have access to a free subscription of Sittercity to search for child care, pet care and more. Learn more [here](#). Please keep in mind that the Sittercity is a resource for finding child care, elder care or other home care. UCSF does not vet caregivers or care recipients, or screen or monitor postings; all information is self-reported. Families are fully responsible for vetting care providers.

### Bio & Preferences

**Your Experience**

Explain a little about yourself, including your past babysitting experience, training, and certifications.

I am currently a medical student at UCSF, and I have always enjoyed babysitting. I have 6 years of experience babysitting children aged 2 months to 6 years old and am comfortable with preparing and giving bottles, diaper changes, infant safety and enforcing naps/bedtime. As the eldest of 5 children ...

In an effort to serve the UCSF community, I will be prioritizing my time meeting the needs of our UCSF Faculty and staff.

And create a profile.

In your profile you may indicate your relationship with UCSF and whether you will preferentially accept jobs from UCSF faculty, staff and trainees.

You can set your rates, indicate the distance you are willing to travel and indicate whether you are okay with pets or are able to drive.

The site will offer you options for background checks and motor vehicle records checks.

UCSF faculty will be able to search the site and identify in your profile that you are part of the UCSF Community.

### Background Checks
